Enrolling a student.

1. Click “Users” in the “Settings” block
2. Click “Enrolled users”
3. Click the “Enroll users” button on the right
4. A small “Enroll users” window will open with a search box at the bottom
5. Enter the student’s name or their username and press “Enter.”
6. Click the “Enroll” button beside the student’s name in the results
7. Click “Finish enrolling users” at the bottom of the “Enroll users” window
