**Viewing a student's quiz attempt.**
1. In the “Activities” block click "Quizzes"
2. Over to the right of the quiz name, click "Attempts: xx" (xx is the number of attempts)
3. To find the student's name, you may first need to click "Last name" in the red bar at the top to alphabetize them by last name
4. Beside the student's name, you can see when they started, stopped, and the time it took
5. Click "Review attempt" below the student’s name, and you will see that student’s attempt

**Quiz administration** when a quiz is selected.
- Note that, in the “Settings” block, under “Quiz administration,” you can edit the quiz settings and also edit the quiz itself.
- You can also delete a student’s attempt from here by putting a check in the box beside their name and clicking the “Delete selected attempts” button at the bottom of the list.
