

Adding the Respondus Lockdown Browser block to your course.

For courses that use the Snap theme.

1. Enter the course.
2. On the left at the bottom of the Contents list, click the “Course Dashboard” link
3. Click the “Edit blocks” button
4. Scroll down and, under “Add a block” on the bottom right, click “Add...”
5. Choose “Respondus Lockdown Browser” from the list of available blocks to add
6. Scroll back up and click the “Turn editing off” button.
7. You should now see this block when you return to “Course dashboard”

To require it on quizzes, click the “Dashboard...” link
